Glossary cheat sheet

- CSS — ordered partitions. Line, then device.
- Dial-peer 0 — no inbound peer matched.
- Early offer — SDP in INVITE. Delayed offer — SDP in the 200.
- B2BUA — two legs. Read both.
- ELIN — callback identity for the site that called emergency services.
- Call type — UCCE report bucket selected by the dialed number.
- EF 46 — voice RTP mark. Still needs a priority queue.

Terms used in this lab. Port numbers still come from the CUCM 15 port chapter.
